## Council Protests Radar Bill

City Council Wednesday night unanimously adopted a resolution protesting Senate Bill 1410 which would prohibit the use in court of evidence obtained by electrical or mechanical devices—specifically radar in a speeding charge.

Action was taken following a presentation by Deputy City Attorney Gordon Cunningham, who pointed out that the proposed legislation was aimed at cities and villages but excluded counties or state police. While he recognized the misuse of speedtraps on the part of some villages, he felt the bill was an inept way of getting at the speedtrap and if adopted would create more problems than it would solve.

## Snowfall Passes 100-Inch Mark Here This Season

With a snowfall of 9.5 inches during March, Holland to date has 101.2 inches of snow in the 1961-62 season, according to figures compiled by Weather Observer William De Boer.

As usual, it was not so much the amount of snow that fell as the amount that stayed on the ground. Holland was finally officially free of snow following a drizzly rain March 19. Until then, the ground had been covered continuously since Dec. 23, mostly 10 to 20 inches.

Total snowfall for the 1960-61 season was 166.2 inches; for the 1959-60 season, 103.5 inches, and for the 1958-59 season, 127.3 inches. Last year Holland received 10.7 inches of snow during April, most of it in a single snowstorm April 16-17.

It is fairly common for 100 inches of snow for a season in Holland, but the lack of thaws this year, plus some exceptionally low temperatures, created more complications in the snow removal program than usual.

Spring arrived fairly well on schedule this year with temperatures ranging from the 40's to 70 degrees the last two weeks of the month.

It was 70 degrees on March 23 and 29. Below-zero temperatures were recorded twice early in the month, -1 on March 1 and -6 on March 2. Fog was reported on six occasions in mid-month. Drifting snow was common early in the month.

Although the ground has been clear since March 17, there still remain several stubborn snow banks in the area.

The average temperature for March was 32.8 degrees or 2.6 degrees below normal for the month. Average temperature was 38.5 in 1961, 36.3 in 1960, 34 in 1959 and 35.9 in 1958. Average maximum was 40.4, compared with 47.8 in 1961, 36.3 in 1960, 42.7 in 1959 and 42.2 in 1958. Average minimum was 25.3, compared with 29.2 in 1961, 16.4 in 1960, 25.2 in 1959 and 28.7 in 1958.

Maximum was 70, compared with 70 in 1961, 69 in 1960, 67 in 1959 and 37 in 1958. Minimum was -6, compared with 15 in 1961, 0 in 1960, 12 in 1959 and 20 in 1958.

Precipitation for the month totaled 1.35 inches or .94 inch below normal. Precipitation was 3.21 inches in 1961, 1.52 inches in 1960, 3.25 inches in 1959 and .49 in 1958. Precipitation fell on 10 days, compared with 17 days in 1961, 24 days in 1960, 14 days in 1959 and 7 days in 1958.

Snowfall totaled 9.5 inches, compared with 5 inches in 1961, 18.9 inches in 1960, 12.5 inches in 1959 and 4.6 inches in 1958. Greatest depth of snow on the ground was 13 inches, compared with 3 inches in 1961, 15 inches in 1960, 7 inches in 1959 and 4 inches in 1958.

Greatest amount of snow in a 24-hour period was 4 inches, compared with 2.5 inches in 1961, 3.5 inches in 1960, 5.5 inches in 1959 and 1.4 inches in 1958.

## Black River Swamp Burns

A blazing swamp fire which lit up the sky over Holland Tuesday night burned itself out during the night. The only damage done was to several acres of cattails and swamp grass along Black River from Fairbanks Ave. west to River Ave.

Holland firemen were called at 2:30 p.m., but the fire had spread over a number of scattered areas making it impossible to reach with fire equipment. Back fires were started, and firemen decided to let the blaze burn itself out and reduce the chances of additional fires.

Firemen answered three more calls to put out grass fires Tuesday. At 3 p.m. they were called to 29th St. and Graafschap Rd., at 2:50 p.m. to 24th St. and Otawa Ave., and about noon they put out a small fire at 40th St. and the US-31 bypass.

Fire Chief Dick Brandt again cautioned residents on the hazards of burning rubbish following the Tuesday afternoon rash of fires. Conservation Department officials also reminded residents of rural areas that it is unlawful to start open fires when the ground is not snow-covered without permission.

Burning permits may be obtained from Conservation Officer Harold Bowditch, the Forest Fire Field Office at M-50 and 96th Ave. or from any authorized agent.

In Holland Township permits may be obtained from Andrew Westenhoeft, John Dokter, Vernon Van Oort and Wilfred Heyboer. Permits are obtainable from Jake De Feyter Jr. and Jack Zwiers in Park Township, Marion Van Slooten in Port Sheldon Township and Henry Geerts in Olive Township.

Federal residents on one previous occasion a few years ago sought annexation to the West Ottawa district, but the petition was not approved by the office of the State Superintendent of Public Instruction.

## Hi-Fi Set Burns

A hi-fi record player in a home at 811 West 32nd St. burned Wednesday afternoon. Holland firemen said the fire was caused by an electric heater—not a hot record. ## Holland Optimistic About Track Chances This Season

Larry Mannes, holder of the high jump and broad jump school records and Tom Elzinga, 440-yard school record holder, lead a group of 42 track hopefuls at Holland High this season.

Coach Bill Hinga and his aide, Jim Jebb, are optimistic about the Dutch track chances this season. Jebb is replacing Tom Carey, who is the junior high track coach.

Hinga bases his optimism on the fine showing made by Mannes and Elzinga last year, plus four other lettermen and a host of hard-working candidates.

Mannes leaped 6' to set a Holland and LMCA record last year and was also the champion in the LMCA-Grand Rapids City League meet. His school mark in the broad jump is 21'5". Elzinga sped over the quarter mile in 53.3 for the school record.

Hinga feels that the Dutch will always pick up points in Mannes' two events and he will also be running the 440-yard dash this season. With Elzinga and Mannes, Holland should be strong in the quarter.

The Holland coach also looks for additional points in the low hurdles and he feels he will have a couple of good distance men. Joining Mannes in the high jump will be junior letterman Mike De Rie and sophomore Steve Bronson along with exchange student Hans Hoffmann from Germany. De Vries lettered in the 440 relay last year.

Letterman senior Ron Gibson leads the low hurdles and pole vaulters. He is joined in the low by junior Rick Vander Kolk, who was out last year with an injury.

sophomores Dave Ruddick, who also high jumps and Barry Prins and senior Mike Longstreet. High hurdles are sophomores Jeff Hollenbach and Bob Schrotenboer.

Junior Rog Ten Broeke is the other letterman. He works in the 220 and 440. Les Cornelissen, 1960 letterman, is back in the dashes along with sophomore Rich Arenas, senior James R. Dykstra and juniors Tom Elenbaas, Larry Huizenga and Bill Nicholson, an Indiana transfer.

Other 440 men include juniors Bob De Vries and Wayne Van Kampen along with senior James E. Dykstra and sophomore Warren Van Egmond.

A large group of boys are out for the distances and Hinga will place them in the mile and half-mile. A few of the group ran on the cross-country team last fall.

Distance men include Rich Nienuis, a junior who lettered in 1960; seniors Larry Briggance, Bob Cooper, Dave Fetters, Ed Millard and John Schriener. Juniors are Forest Interbitten, Del Mulder, Lee Murray, Steve Penna, Bernie Van Langevelde and Harry Strem.

ler. George Briggance is a sophomore distance man.

Mannes and Mike De Vries are the broad jumpers while seniors Terry Nyland and Duane Snider will put the shot along with sophomores Dan Hill and George Aye.

Other pole vaulters are junior Ward Rooks, who received a junior varsity award last season; junior Al Vanderbeek and sophomore Walt Van Oosterhout.

Holland practiced outside each day this week after spending two weeks on the fieldhouse track. "The indoor work gave us a big boost," Hinga said.

Holland's home meets start at 4 p.m. with the field events and the track events at 4:30 p.m. at the 22nd St. track. ## AROUND THE WORLD TODAY

The world today has many problems, and we here in our great United States rest right in the middle of most of them. Some are of people's making.

A few days ago we received a booklet on national survival by Dr. Albert Edward Burke, noted educator and commentator on world affairs. His objective is to revive the principals and dedication that inspired the American Revolution. His weapon is truth and his role is that of an angry conscience, stimulating each of us to a greater awareness of what we are for, as well as a wider knowledge of what we are against in the world struggle between Democracy and Communism. His articles prepared for television presentation were titled "A Way of Thinking" and dealt with the atom and the equalizer.

His eight-page message ends with the statement: "These experiments can make the atom the equalizer in peace that it is about to become in war. That gaseous centrifuge put out by the Dugassa Corp. in West Germany turns out Uranium 235 cheaply and easily, to lose its full power in exploding bombs in war. This will mean that Uranium 235 can be made to lose its full power on granite, to convert it to iron and the many other raw materials now uselessly locked up in it; on sea water, to desalt it for irrigation of the world's drylands; on bridging the gap between the world's satisfied and dissatisfied peoples."

That is something to think about. If we could convince the many powers today that we should use our scientific know-how to preserve the people in the world, it might be possible to make peaceful settlements. Our government is spending billions around the world to convince millions of people we can help them to a better way of life. Millions of people in our own country wonder if we are making any progress.

## Sunday School Lesson

Sunday, April 8  
Toward a Mature Faith  
II Timothy 1:3-7; 3:10-17  
By C. P. Dame

There are many immature people in the world. In most congregations there are a number of people who are far from mature Christians. The Christian Church is in great need of mature members and leaders.

I. It is wonderful to be able to thank God for devoted fellow Christians. Paul was a thankful person. Every Christian ought to be thankful. Timothy was a spiritual son of Paul. He thanked God, whom he had always served with a pure conscience, for Timothy.

Before his conversion Paul served God according to his understanding. After his conversion he served God with an enlightened understanding. Because he loved Timothy much therefore he remembered him in his prayers day and night. He could not forget Timothy. He was eager to see him again.

When the two parted some time before Paul wrote, Timothy shed tears. Meeting him again would fill Paul with joy. In many ways Paul set us examples. Church members who pray for their fellow church members imitate Paul.

We all have Christian friends. When we think of them we recall some virtue they possess. We remember some because of their compassion, others on account of their love and still others because they are so enthusiastic.

Paul remembered Timothy's "unfeigned faith" — his sincere faith. His grandmother, Lois, possessed this faith, his mother, Eunice, also, and Paul was sure that Timothy also had it. Timothy's father was a Greek and seemingly he paid no attention to his son's religious training.

Sometimes when a father fails, the mother and grandmother work harder at it. Timothy had a fine godly training. However, he also had something to do in view of his home training and his ordination — to stir up the gift of God which he had received.

II. A godly consecrated teacher is a blessing. Timothy was familiar with the teaching of Paul and with his mode of life. Paul practiced what he preached. It cost Paul something to be a Christian. Timothy knew about how he was persecuted and what troubles he had faced and endured.

Some people seem to think that today no Christian meets with persecution. How about Paul's words, "Yea, and all that will live godly lives in Christ Jesus shall suffer persecution." Those who want to live wholly for Jesus learn soon that there are many people who object to the Lord. Not a few people deceive themselves and others. It is time to realize that Christianity has opponents.

III. A knowledge of the Bible is highly important. Paul reminded Timothy to remember what he had learned and remember those from whom he had learned these truths. Some young people will turn their backs upon the sound teaching of loving parents and fall for error and heresy peddled by strangers.

Timothy had been instructed in the holy scriptures which makes people wise unto salvation. This Bible in which Timothy was instructed is an inspired Book, different from all other books. It is a most useful book for "it is profitable for doctrine, for reproof, for correction, for instruction in righteousness" and this instruction is sorely needed in these days of loose thinking and lax living.

Mothers like Eunice and grandmothers like Lois who instruct children in the Scriptures guide them into a wholesome type of maturity.

## Archeologist Entertains Century Club at Meeting

The story of the Link Marine Expedition during the summer of 1960, illustrated by colored slides, was told to Century Club members and guests at the Warm Friend Hotel Monday evening by the chief field archeologist with the expedition.

Dr. Charles T. Fritsch related the technical aspects of a project involving the designing and building of a 200-ton, 90-foot diving boat, the Sea Diver, by Link, the work of scuba divers, photography and verification of artifacts recovered by "airlift." He also reviewed the geography and history of Israel and Jordan, particularly the Israel shoreline, for the benefit of his audience.

Highlights of the findings of the expedition included the submerged harbor of Caesarea, built by Herod before the birth of Christ, and numerous cooking pots of pottery recovered from the floor of the Sea of Galilee, presumably left in shipwreck.

A coin, about the size of a dime, was also of great interest. Research revealed no description of the particular coin, therefore it is presumed to be a special issue struck in commemoration of the opening of the Caesarean harbor.

Aerial pictures of the harbor of Caesarea outlined clearly the harbor explored by divers. The reconstruction by an artist after research in the History of Josephus and the finding of the divers, portrayed a beautiful oval, topped by a walkway, and decorated with columns and statues.

"All that is left of Capernaum" was a picture that recalled the prediction of Jesus of utter ruin of this city which was His head-

quarters. The attitude of the people toward the teachings of the Master and his many miracles performed there, caused the prediction. The picture verified the ruin as all that is left is one small building and disorderly pieces of rock, similar to graveyard headstones.

In a business meeting, preceding the lecture and pictures, Dr. John W. Hollenbach, retiring president, presided at the election of officers. Dr. Lester Kuypers, chairman of the nominating committee, presented the slate which was elected unanimously: Mrs. Henry Steffens, president; Dr. William G. Winter, vice president; Mrs. J. A. Stryker, secretary-treasurer; Miss Geraldine Dykhuizen and Anthony Kooker, members of the Executive Committee.

The former home of Mr. and Mrs. Edd Walters on M-39, west of US-31, is being razed. The McKellips brothers are doing the work.

Several M.Y.F. members and their leaders from the Methodist Church attended the M.Y.F. Subdistrict rally in Wayland Methodist Church Sunday evening.

Mrs. Herman Stremler will give the devotion and Mrs. O. L. Ensfield the program. There will be election of officers.

Mr. and Mrs. William Wilkinson returned home Tuesday from Tucson, Ariz., where they spent several weeks with their son and family.

## Man Injured In House Fire

A Holland man was burned early Sunday when fire gutted the living room of the small one-story frame home in which he was staying.

Ernest Widener, 38, of 77 Burke Ave., was listed in fair condition Monday at Holland Hospital with second and third degree burns of the face and hands.

Holland Township Fire Marshal Andrew Westebrook said the blaze apparently started when Widener fell asleep while smoking. The fire was discovered at 3 a.m. by Curtis Perkins, owner of the home in which Widener was staying.

Perkins was held Sunday for investigation. He was released after questioning by Westebrook and Detective Sergeant Russell Leemgraven of the Michigan State Police Fire Marshal Division.

Firemen found Widener lying in a bedroom. Westebrook said it appeared he had tried to get outside after finding the living room on fire and became confused in the dark.

Perkins had gone to a neighbor's home to summon firemen. There was no telephone or electricity in Perkins' home. Westebrook said Perkins apparently did not know Widener was in the house.

Westebrook gave no estimate of damage to the home. He said the loss was covered by insurance.

**CLOSED-CIRCUIT TELEVISION** — Harry Wieskamp, chairman of the Trinity Reformed Church consistory television committee, operates the camera used for closed-circuit television in the church. The monitor is located at the right and the viewing screen is in the church lounge.

A total of 70 persons can view the service over the screen and another 20 may witness the service in the camera room located between the two balconies in the church. The television equipment and lighting was purchased for \$4,500 and has been in operation for about a month. (Sentinel photo)

## Trinity Church Installs Closed-Circuit Television

Closed-circuit television has been installed in the Trinity Reformed Church and it is the first such innovation in the Holland area.

Purchased at an estimated cost of \$4,500, the television equipment includes a camera, 23-inch viewing screen, 17-inch monitor and special lighting.

The camera and monitor are located in a small room between the two balconies of the church. The screen is located in the church lounge.

It was placed in the lounge to accommodate overflow crowds and for older persons unable to sit in the church auditorium. The lounge seats 70 persons while another 20 persons can view the services on the monitor in the camera room.

In operation for about a month, the television was in the planning stage for about six months after approval was received in vote by the church congregation. Two Reformed churches and one Christian Reformed Church have closed circuit televisions in Grand Rapids.

The screen in the lounge is the same size as screens used for educational television. With additional wiring, any number of sets could be placed in various rooms in the church.

Using transistors rather than tubes, the compact camera has three different lenses, wide angle, six-inch and telephoto or zoom lenses. With the different lenses and the moveable camera, the operators can pick up the various parts of the service.

Facial and full length shots may be made of the minister and the choir. The camera is focused on the congregation during the singing. Prior to the service, the camera is focused on pulpit flowers, the organist and on a cross above the pulpit during a communion service.

During the offertory prayer, the camera is set on the offertory plates while the operators have been focusing on one of the five picture windows during the pastoral prayer.

Harry Wieskamp is chairman of the consistory television committee assisted by Eldert Bos, Charles Cooper and John H. Van Dyke. This group has been alternating in the camera operation and others will assist later.

The sound system has been relocated in the camera room and plans are being made for wiring for radio broadcasting to be located in the camera room.

## Allegan Sets Vote on School Millage Boost

ALLEGAN — Decreasing revenue gets equal blame with rising costs for the three-and-one-half mill increase in the Allegan city school district operating tax which voters will be asked to approve Monday, April 9.

The district school board is asking for the additional operating funds for the next three years.

The special levy would be based on state equalized tax assessments and would amount to \$5.80 per thousand dollars of local valuation in the city.

The district also includes parts of Allegan township, where the levy would be \$7.57 per \$1,000; Watson township, \$5.95 per \$1,000; and Valley township, \$8.26 per \$1,000.

School officials listed three factors which have reduced district revenues in recent years and, along with increasing costs, made it necessary to seek the additional funds.

They point out that the county and townships have been receiving an increasingly larger share of the 15-mill tax "pie," the school's allocation declining from 10.35 mills in 1959-60, to an anticipated 9 mills this year, for a \$23,800 loss in revenue.

The district also lost \$21,800 when Allegan city's share of state equalized tax values was reduced following readjustment by the state tax commission.

The state of Michigan's inability to make state aid payments on time also has cost the district some \$2,400 in interest on loans obtained to carry the schools until these funds were received.

# Sheriff Runkel Won't Run Again

ALLEGAN — Sheriff Walter Runkel will not seek a fifth term, a family spokesman said Tuesday. Jesse Runkel, Circuit Court probation officer, said his brother would retire at the end of this term after nine years in office.

The 68-year-old sheriff has been a patient in Butterworth Hospital in Grand Rapids since March 21. The nature of his illness has not been disclosed but members of the family said Sunday that he was improving.

Runkel's illness touched off a run on nominating petition blanks at the county clerk's office. So far five men have obtained petitions and three more are reported considering the Republican nomination.

Those who obtained petitions are Frank Moretti, a Pullman deputy, Stanley Saunders, a staff deputy who is driver's license clerk, Robert Doubles, of Wayland, Fred Edgerton, Plainwell deputy sheriff and Robert Whitcomb, a former deputy under Runkel who is now employed at the Holland Furnace Co.

Others reportedly considering the campaign are deputy Harry Smith, Runkel's chief investigator since Whitcomb's resignation.

Walter Runkel

deputy Robert Gooding of Ganges and Monterey township supervisor Bernard Miller, chairman of the jail committee.

Both Whitcomb and Miller were candidates in the 1960 Republican primary. Runkel was appointed Jan. 1, 1954, to fill the unexpired term of Louis Johnson, who resigned to become secretary of the Michigan state sheriff's association. Runkel had served as a deputy under Johnson.

## James Rites Scheduled

GRAND HAVEN — Funeral services will be held Thursday for Mrs. Annie James, 66, who was found dead in her home at 617 Columbus St. Monday morning. Services are scheduled at 1:30 p.m. Thursday from the Methodist Church of the Dunes with the Rev. William E. Wilts officiating. Burial will be in Lake Forest Cemetery.

Mrs. James was the widow of John James who was mysteriously murdered in his home June 20, 1958, by two intruders who presumably had entered the home with intent to rob. Although intensive investigation followed, no trace was found of the parties responsible for his death.

Mrs. James apparently was stricken at her evening meal Sunday night. Her coffee pot was still on and the telephone was off the hook. She was found Monday morning by a niece, Mrs. Joseph Brazda.

Mrs. James was born in Hancock and came to this area in 1922. She was a member of the Methodist Church of the Dunes, its women's society and the OES.

## Many Appear Before Circuit Court Judge

GRAND HAVEN — With 28 persons scheduled for arraignment or disposition of cases, Circuit Court was a busy place Tuesday. David Lee Essenburg, 21, of 519 Douglas Ave., Holland, pleaded guilty to two charges, one for driving while his operator's license was revoked and the other for resisting an officer, and will return for sentence May 3. His bond was continued. Both offenses occurred Feb. 17 when he tussled with a deputy after being apprehended on the driving court.

Cornelius Stam, 39, Holland, charged with carrying a concealed weapon without a license, waived the reading of the information and requested an adjournment so that he could consult an attorney. His \$500 bond was continued and a 15-day adjournment granted. The alleged offense occurred March 17 in Holland.

Earl Cranmer, 26, of 140 Coolidge St., Holland, pleaded guilty to a nighttime breaking and entering charge and will return for sentence May 8. His bond was continued. He allegedly broke into Owl Sandwich Shop in Holland Feb. 11.

Dick Dale Mokma, 21, of 112 West 10th St., Holland, waived the reading of the information and pleaded not guilty to a charge of unlawfully driving away an automobile. His case will go over to the next term and his bond was continued.

His companion, William Alfred Perrault, 21, of 164 Dunton St., Holland, also pleaded not guilty and said he would consult an attorney. Bond of \$500 was not furnished. The pair allegedly took a car from a used car lot in Holland Township and were apprehended north of Holland by two deputies. A girl companion who had no knowledge the car was stolen was released.

Andrew A. Kavathas, 18, of 2109 Marlacona Dr., Holland, charged with negligent homicide, waived the reading of the information, stood mute and a plea of not guilty was entered. His bond was continued and trial date will be set at a later time. He is charged in connection with a two-car crash Feb. 18 on North River Ave. in Holland City in which Mrs. Julia De Boer, 65, Holland, was fatally injured.

Three Muskegon residents were sentenced in connection with robbery — armed charges. Clarence Dale Green, 33, and Ronald Eugene Wynne, 28, were both sentenced to serve 18 months to 15 years at Northern Michigan Prison with minimum recommended. Carolyn Crampton Lumpo, 19, was sentenced to 1 to 15 years at the Detroit House of Correction with minimum recommended.

The three were arrested after an incident Feb. 3 in which they had offered Robert Kern of Muskegon a ride, and then relieved him of cash, a wrist watch, ring and car coat as well as assaulting him. James L. Thomas, 20, and Gary A. Peets, 19, both of Muskegon, who appealed a justice court sentence on killing deer out of season, waived the reading of the complaint and asked the court for leniency from the jail sentence. Their bond was continued and they will return May 3.

Upon pleading guilty in the justice court of Nelson Baldus Feb. 24, the pair was each assessed \$100 fine, \$7.30 costs and 60 days in jail. If fine and costs are not paid, the alternative would be an additional 30 days. The two men were arrested early on Feb. 24 by Conservation Officer Harold Bowditch.

## Past Presidents Honored At Literary Club Tea

Gay spring bonnets added to the spring motif of the closing meeting of the Woman's Literary Club Tuesday afternoon when a tea was held honoring past presidents of the club. Jonquils and wild iris with yellow tapes were used on the two tea tables.

Following the tea, members returned to the auditorium to hear Prof. Gerald Mast of the art department of the University of Michigan tell the story behind his colored slides "Pictures I Like and How I See Them."

Prof. Mast divided his preliminary talk into four divisions — modern painters, contemporary painters, travel slides of the West and Mexico and Mast's own interpretations.

The artist said that there is a language of vision—we must use it, think it, learn it and be acquainted with the language. Paint, line, color, form and space are a part of the language, he said.

Formerly the artist had an inspiration and projected his experience to the canvas. Today it is different, Mast said. His inspiration is at the moment of painting and he takes the idea from the canvas, not to it.

Most interesting to the audience was his explanation of the murals he painted for the Herrick Public Library children's section. Slides showed segments of the murals and the allegory was explained.

The receiving line at the tea included a large group of past presidents, Mrs. William J. Olive, Mrs. J. C. Rhea, Mrs. Alvin D. Bos, Mrs. Garrett Vander Borg, Mrs. Charles K. Van Duren, Mrs. Randall C. Bosch, Mrs. Kenneth De Pree, Mrs. J. R. Dethmers, Mrs. John K. Winter, Mrs. J. J. Brower, Mrs. George A. Pelgrim and Mrs. Carl Harrington. # West Ottawa Sets Pool Fees

Policies for use of West Ottawa school facilities, including the pool, were made at a special meeting of the West Ottawa Board of Education Tuesday night in Supt. Lloyd Van Raalte's office.

The Board pointed out that use of the facilities for school purposes must receive first priority but encouraged the use of the facilities by citizens of the community.

Rates for pool recreation per hour for up to 50 persons including locker room and guard will be \$20. Pool recreation per hour for 51-100 persons including locker rooms and guards \$25.

On family nights the charge per person per hour is 35 cents. The limit is 50 persons per guard and a maximum of 100 persons. Pool instruction for shower and pool only, 15 one-hour sessions, no guard is \$2. The pay of the guard and instructors would be paid by another agency other than the Board such as summer swimming instruction that has been carried out in Lake Macatawa.

Three groups of policies were set up for governing the facilities. Group 1. For school sponsored organizations or those closely related to the school itself or the school program, no fee shall be charged unless an extraordinary direct expense is incurred, then only that amount necessary to cover that expense shall be charged.

Group 2. For organized athletic, recreational, religious (except worship services), family, nonpartisan civic groups, and district industrial organizations, a fee designed to meet estimated operational expenses plus wear and tear shall be charged.

Group 3. For other groups or organizations meeting with the approval of the Board of Education where the activity involved meets the criteria previously specified, a fee shall be charged that will meet all expenses as a minimum plus a reasonable excess for depreciation.

The building principal shall be the agent of the Board for the purpose of scheduling rentals and collection of fees. All payments shall be made to the West Ottawa Board of Education.

The Board adopted a salary schedule, essentially the same as last year for athletic coaches and dramatics.

Herbert Maatman, athletic director and basketball coach at West Ottawa, stated in a letter to the Board that he recommended that he now be relieved of coaching responsibilities in order to permit him to devote more time and energy to the development of athletics as athletic director.

This action complies with last year's Board recommendation that as soon as possible the athletic director be relieved of varsity coaching responsibilities.

He requested that the Board permit steps to be taken to secure a highly competent coach but that in the event that another coach was not engaged he would coach another year.

The Board accepted the recommendation. Van Raalte pointed out that the biggest problem will be to find a coach who is also qualified to teach in the subject areas open in the instructional program of the high school.

"School is first and foremost an educational institution and the coach must first of all be a teacher needed in the regular school program," Van Raalte said.

He indicated several candidates are under consideration but no recommendations have been made.

**SWANS TAKE A BREAK** — This group of whistling swans made a one-day stopover in Holland Friday during their spring migration north, adding a new beauty to Lake Macatawa. A total of 132 of the birds were spotted in Western Michigan, including 44 on Lake Macatawa, in an aerial survey by H. Lee Wilson, biologist at the Swan Creek Wildlife Station. Charles E. Friley Jr., director

of the wildlife station, said the Holland area lies on the migratory route of these birds which winter in the southern Atlantic seaboard and spend their summers at breeding grounds in Canada and Alaska, north of the Arctic Circle. This group of swans was seen on the northern edge of Lake Macatawa at Waukazo.

**LOCAL ARTISTS** — Mr. and Mrs. John Blacklock look over several of Blacklock's pictures of familiar Holland scenes at their home high up on Maksaba Trail in the Macatawa Hills. Blacklock has included prints of several local scenes in his current exhibit at Muskegon's

Hackley Art Gallery. Mrs. Blacklock, who is a painter, has also found an ample supply of her favorite subjects in the Holland area. Blacklock's exhibit in Muskegon, which opened this week, will continue until April 19. The couple became permanent residents of Macatawa last June.

## Photographer, Artist-Wife Use Variety of Local Scenes

Away from the bustle of the big city, Mr. and Mrs. John Blacklock, now permanent residents of Macatawa, have found the time and the place to pursue their favorite interests.

Blacklock is a photographer; his wife, Winifred, loves to paint. In Western Michigan they have found a place which offers both a wide variety of their favorite subjects. Both like boats, water, sand and sky.

The Blacklocks became permanent residents of the Holland area last June, moving here from Detroit, following Mrs. Blacklock's retirement after 36 years of teaching.

The couple had spent summers at Macatawa for many years, photographing and painting familiar scenes in Macatawa and Saugatuck.

Blacklock is including several Holland scenes among some 60 of his photographs currently on exhibit at the Hackley Art Gallery in Muskegon. His exhibit opened this week, and his prints will remain on display until April 19.

This is Blacklock's first exhibit in Western Michigan. He previously had exhibited his work in Detroit and Olivet. The Muskegon exhibit, in addition to some of his Western Michigan work, also includes pictures of Blacklock's native New England.

Blacklock was born in Newport, Rhode Island, and was introduced to photography at about 10 years of age when he received a \$1.00 Brownie camera as a birthday gift from a cousin.

Blacklock spent many youthful years in New Hampshire where his father was a minister. He was a student of Robert Frost when the famous poet taught English at New Hampshire's Pinkerton Academy.

During the 1930's he opened a studio at Haverhill, Mass., near Boston and remained there until the outbreak of World War II when he became chief photographer for Vultee Aircraft Corp. at Ft. Worth, Texas.

Blacklock was working on a book of photographs for publication, based on the Gloucester, Mass., waterfront when the war broke out. Entitled, "Sailor Town," the book was never completed.

Blacklock's photos have been used extensively in Yankee magazine, a New England regional publication, in newspapers and by Ted Malone in a series on poet John Greenleaf Whittier.

A large amount of Blacklock's early work was destroyed in a New York warehouse fire while he was with Vultee Aircraft.

Blacklock's pictures are marked by a simple, direct style, reflecting the quiet manner of the perceptive photographer-artist. Blacklock prefers working with the large 4-by-5 negative size.

Mrs. Blacklock is no stranger to Western Michigan. Born in Iowa, she grew up in Muskegon. The couple's present home high in the Macatawa hills has been in her family for years.

Mrs. Blacklock, who taught dramatics at Detroit's Southeastern High School, started painting about 20 years ago, working with the

Taylor Art School in Saugatuck. She has exhibited her work in Detroit and twice at the Hackley Gallery.

## Ann Herfst Tells About Ireland At Sorority Meet

Monday evening in the home of Mrs. Howard Poll the Eta Gamma Chapter of Beta Sigma Phi was treated to a visit to Ireland via slides and commentary by Miss Ann Herfst, Holland's Community Ambassador last summer.

The first impressions of the emerald isle were the many damp dreary rainy days and the attitude that all Americans were millionaires having 30-room houses and four cars in the garage.

Miss Herfst found the Irish hospitable, talkative, and loving in her second home and bus tour around the island. While touring with a group of 12 other ambassadors, many youth from Ireland and other countries were met daily when stopping overnights in Youth Hostels.

Mrs. Ronald Kobes presided at the business meeting and reported for the board that plans are progressing for Founder's Day to be held April 30 with the Theta Alpha Chapter.

Mrs. Frank Bronson, ways and means chairman, gave members their assignments for solicitation of ads for the Ottawa County Fair Race Program book with May 15 as a deadline.

Nominations were made for the Girl-of-the-Year award.

The next meeting will be at the home of Mrs. Drew Missa.

**WORLD'S LARGEST PLANER** — This huge 30,000-pound planer, designed and built by Buss Machine Works of Holland, is the world's largest planer. The machine is a double surface planer and is designed to surface two sides of large laminated wood beams of the type found in several buildings in the new Holland High School.

The planer is 18 feet long, 10 feet wide and nine feet high and will handle beams 72 inches wide and 25 inches thick. Shown here are (left to right) Jay C. Potter, Benjamin Dekema and Paul McIlwain of Buss Machine Works looking over the machine prior to shipment this week. (Sentinel photo)

## One Area Passes Plan To Annex; Second Loses

ZEELAND — One new face will appear on the council of an enlarged city as a result of Monday's election in Zeeland.

One of the two hottest issues facing voters, the annexation of the Riley Street area to the city of Zeeland, passed by a slim margin of two votes. One other annexation proposal, involving the Southeast Heights area, was defeated by residents of the area proposed for annexation.

Residents of Zeeland city voted 570 to 104 in favor of annexing the Riley Street area. Residents of the Riley Street area voted 35 to 33 in favor of annexation.

Zeeland residents registered at lopsided 375 to 97 vote to annex the Southeast Heights area, but residents of Southeast Heights killed annexation hopes, 28 voting for and 39 against annexation.

In order for an area to annex to the city, the proposal must have passed in both the city and in the area to be annexed.

In the four-way race for two city council seats, incumbent Frank Hoogland polled 510 votes to regain his seat. Howard C. Stephenson, whose father, John Stephenson, is currently on the

city council, received 331 votes. The other candidates for city council were Willard Van Harn, who received 292 votes, and Kenneth Burns with 271.

G. J. Van Hoven, running for the office of City Assessor, John Holleman, for City Treasurer, and H. C. Dickman, seeking reelection as Justice of the Peace, were unopposed. Holleman and Dickman each polled 630 votes, and Van Hoven 626. There was one write-in vote for Kenneth Lousma, a Zeeland accountant.

A total of 719 ballots was cast in the city's two precincts. Election officials said the voting was a little lighter than normal for a spring election.

Residents of Zeeland Township voting on the two annexation proposals voted at the Township Hall in Vriesland.

The Riley Street area is an industrially developed area to the north and east of the present city limits. The area includes the Mead Johnson Co. plant and new Herman Miller Furniture Co. plant. The area is bounded roughly by Riley St. on the north and Fairview Rd. to the east.

## Bolt Named Postmaster

GRAND HAVEN — Jacob Bolt, of 904 Penoyer Ave., was informed by telegram Monday night from U. S. Sen. Patrick V. McNamara that he has been appointed acting postmaster at Grand Haven, effective April 30.

Bolt, who has been with the post office for 48 years, has served as assistant postmaster since Nov. 1, 1951. As acting postmaster, he will succeed Postmaster Homer Zishner who is retiring after 26 years as postmaster.

McNamara's telegram stated the appointment is a temporary arrangement until such time as the permanent position of postmaster can be filled.

Bolt was born in Grand Haven Dec. 30, 1892, son of the late Mr. and Mrs. John Bolt. He became a substitute carrier May 1, 1913, and three years later became a regular clerk. Since 1934 he took charge of the money order department until he became assistant postmaster in 1951.

Before becoming associated with post office work, he was a clerk at Crosby docks which operate boats which plied between Grand Haven and Milwaukee.

He is married and has two daughters, Mrs. Robert D. Storm of Merritt Island, Fla., and Mrs. Donald Bartels of Grand Haven, also three grandchildren.

When Bolt was appointed assistant postmaster in 1951, he succeeded Klaas Smit who retired at 70 after 41 years with the postal service.

Mr. and Mrs. Bolt returned to Grand Haven Friday after a month's vacation in Florida. They had left March 26 and the following morning were involved in an accident in Columbus, Ga., where a garage employee, driving a car headed for the garage for repairs, ran a red light and crashed into the Bolt car. Bolt was uninjured but Mrs. Bolt received a broken jaw and spent the night in a hospital. The car was badly damaged and Bolt purchased a new car for the return trip.

## Heldred De Witt Becomes Bride of Harold E. Brown

Mrs. Harold Edwin Brown

Vriesland Reformed Church was the scene of a double ring wedding ceremony Saturday afternoon when Miss Heldred De Witt became the bride of Harold Edwin Brown of Holland.

Bouquets of calla lilies and snapdragons against a background of palms and candelabra formed the setting for the rites performed by the Rev. Harry Buis and the Rev. Donald K. Blackie.

Parents of the couple are Mr. and Mrs. Jacob T. De Witt, 8585 Byron Rd., Zeeland, and Mr. and Mrs. John Matthew Brown of Belleville, Mich.

Wedding attendants were the bride's sister, Mrs. Robert Hendricks, as matron of honor; Miss Linda De Bruyn, Miss Janet Lincoln and Mrs. William de Forest as bridesmaids; Dan Young of Ypsilanti as best man and Carl Benes, Robert Padgett of Ypsilanti and James Borsma as ushers.

The bride, who approached the altar with her father, was attired in a floor-length gown of peau de soie featuring a moderately scooped neckline outlined in jeweled Alencon lace medallions. The princess front had a pearl embroidered plastron of lace which was repeated on the chapel train. Her elbow-length veil of imported illusion was held by a peau de soie cabbage rose tipped with seed pearls.

All the bride's attendants wore ballerina dresses featuring lace bodices and cornflower blue silk organza skirts. Their headresses were crowns of matching material.

The bride attended Hope College for two years and now is working as a dental assistant in the office of Dr. J. Lubbers. The groom is a senior at Hope College.

Mr. and Mrs. Brown are on a honeymoon to Kentucky and Virginia and will be at home at 168 1/2 West 18th St. after April 6. For traveling the bride wore a baby blue ensemble with a white cape and navy blue accessories.
